

Can my child go to school today?

Do they have any COVID Symptoms?

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Yes

They have a COVID symptom

No

They do not have a COVID symptom

Self Isolate and Book a COVID Test

Book the test online or call 119

All members of the household should stay at home until the test result is known.*

Do they have diarrhoea or vomiting?

No

They do not have diarrhoea or vomiting

Yes

They have diarrhoea or vomiting

Do they feel unwell?

It is important that parents keep children at home when they are unwell

No

They do not feel unwell

Yes

They feel unwell

Send to School

So long as your child feels well, has not been told to self-isolate and there are no other household members with COVID symptoms, it is OK for them to attend school.

Keep at Home

- Remain off school until they feel well enough to return. Seek medical help from a GP if needed (or 111 if your surgery is closed).
- Remain off school until at least 48 hours after the last episode of diarrhoea or vomiting. A COVID test is not required for diarrhoea and vomiting without the other symptoms above.

* Visit [gov.uk](https://www.gov.uk) for advice on when to stop isolating and return to school after a positive or negative test.
